An A1 Loo to suit any occasion

A1 Loo Hire are the market leaders for the supply and on-site servicing of portable toilets to the Events Industry.

A1 Loo Hire is the portable toilet division of the A1 Group of Companies – one of the UK's leading integrated Waste Management companies. Our extensive range of single and trailer units are available through our strategically located depots in Wokingham, Coventry, Oxford, and Bridgend offering an unrivalled support and service network. Annually one million event goers use A1 Loo Hire at some of the UK's most prestigious and largest outdoor events including:

Reading & Leeds Festivals
Isle of Wight Festival
London Marathon
World Darts Championship
RideLondon
War and Peace Revival

The UK's First Choice for Event Toilet Hire

Single & Disabled Toilet Units

A1 Loo Hire's extensive range of single self contained, free standing toilet units offer a versatile and cost effective solution for all events from a major, national outdoor music event to a smaller regional show.

- **Self contained, flushing toilets not requiring connection to water or drains**
- **Serviced and cleaned regularly throughout any events**
- **Available with foot pump operated hand wash basin or hand sanitiser unit**

A1 Loo Hire can supply a range of high standard portable disabled units constructed to an award winning design with ease of accessibility always in mind. They are compact, easy to move and effortless to maintain, all while meeting strict guidelines with superior ventilation keeping the unit fresh, even with high use and hot climates. We can also provide disabled units with mother and baby facilities.

LooWatt

We teamed up with LooWatt to produce a unique toilet system that integrates revolutionary waterless flush technology. This is a water and chemical free toilet. The toilet replicates a normal, high quality household flush however we have implemented a liner that sits inside the toilet bowl to capture human waste. This is sealed and pulled through to a barrel that sits below. This is a safe and hygienic and leaves the bowl clean after every usage.

Length: 7ft 10 ins **Width:** 10ft 10 ins
Height: 9ft 6 ins

Additional Services

A1 Loo Hire are able to provide the right vehicles to get the job done. Our fleet size ranges from a small 4x4, ideal for sites or events where terrain would prevent a larger vehicle attending, through to a 6000 gallon 44 tonne articulated tanker. Any other on-site bespoke requirements can be discussed with our specialist service staff.

- **On-site Servicing**
- **Waste Tanks**
- **IBC Containers for both catering waste and fresh water**
- **Sanitiser Stations and Large Toilet Roll Dispensing Stations for larger event**

WET WASTE LTD

A1 Wet Waste Ltd embrace new technology and the very latest equipment available in order to deliver real added value to our clients – aspiring to develop solutions that meet our client's individual needs with a fleet of specialist equipment and vehicles to transport and dispose of all liquid waste.
